United Kingdom

Mechanical Engineering in Edinburgh

Semester(s) Available:
- Fall 2017: 20 weeks
- Spring 2018: 20 weeks

Minimum Credits:
- Twelve (12) for Fall 2017
- Twelve (12) for Spring 2018

Program Application Deadline(s):
- March 1, 2017 for Fall 2017
- October 15, 2017 for Spring 2018

For important scholarship deadlines, visit http://studyabroad.msu.edu/financing/scholarships/

Courses:
Multiple course options available; please check the Web for a full list of subject areas.

Host Institution Website:
http://www.ed.ac.uk/study-abroad

Requirements:
Minimum GPA 3.00

Cost:
Program Fee: $325.00
Estimated Additional Cost: $9,480.00 (Spring 2017)**

Tuition is not included for most programs. See program’s webpage for details.

** IMPORTANT: This is last year’s program fee and should be used as an estimate only when calculating costs for this program. The current program fee will be posted as soon as it is finalized.

Program Contact(s):
Gaile Griffore
Department of Mechanical Engineering
Phone: 517-355-3338
E-mail: gaile@msu.edu

Founded in 1582 the University of Edinburgh in Scotland is one of Europe’s finest universities with a great tradition of producing outstanding scholars, including such giants as Charles Darwin and Sir Arthur Conan Doyle. In engineering, there is William John Macquorn Rankine, who proposed both the Rankine cycle (primary in the operation of steam power plants) and the Rankine temperature scale (the absolute scale used in English units). The university is in a short walking distance to the downtown city center that is the cultural hub for concerts, plays, and impromptu musical-dance opportunities including bagpipers in uniform.

Mechanical engineering students may take all of their required senior technical electives (including the design intensive course), while fulfilling the requirements for the Global Engineering Concentration. Other engineering students may participate with department approval. All students must be approved by the academic advisor program leader in order to participate.

More details about this program can be found at...
